Addition

dLAN® 550 duo+
Starter Kit

dLAN® 550 duo+

Highlights:

- Your home network from the power outlet. Unpack. Plug it in. Get started. The easy way to connect using your home's power lines. Turn any power outlet you want into an Internet access point.
- 500 Mbps for quick data transmission.
- Even higher performance and longer range with range+ technology.
- The optimal Internet connection for computers, televisions and game consoles. No signal loss – stable and continuous.
- Installation as easy as child's play. Just unpack it, plug it in and get started.
- The two Fast Ethernet LAN ports allow you to connect two Internet-compatible devices (e.g. a game console, television or media receiver) to the Internet at any time via network cable.
- With the integrated electrical socket, no power outlet in your room is lost.
- Automatic encryption! Active protection against unauthorised access.
- Minimum energy consumption with the innovative Power Save technology from devolo: continuous, intelligent and fully automatic.
- Automatic phase shift: makes Internet access possible in any room and sets up your home network in no time.
- It doesn't get any easier: Connect adapter 1 to the router and connect the device you want to use to adapter 2. You're ready to go!
- Easily expand your network at any time and integrate additional devices into your home network with additional dLAN® adapters.
- Finally you can use everything: Use your printer and hard drives together. Access your music, photos and data or stream HD videos in the highest quality.
- Includes dLAN® Cockpit software for home network configuration on a computer (Windows, Mac OS® X, Linux®).
- Compatible with all adapters of the 200/500/650 Mbps product series.
- Rely on number 1: Join the more than 10 million satisfied devolo dLAN® customers around the world.
- 3-year manufacturer's warranty.

The Powerline technology ensures a stable Internet connection with significantly longer ranges. Uses your power outlets even more efficiently.
